NOTICE

Workshop on Diving into the World of Chat GPT and Gen-AI

Dear Students

We are excited to announce a workshop titled "**Diving into the World of Chat GPT and Gen-AI**" for the students of **MCA 2nd Sem, BCA 6th Sem and BCA 4th Sem on April 12th, 2024(Friday) at 9:30 AM**. This workshop aims to provide participants with insights into the fascinating realm of artificial intelligence (AI) and its applications in natural language processing.

The workshop will cover the following key topics:

Introduction to Chat GPT and Gen-AI: Understanding the fundamentals of these AI models, their architecture, and capabilities.

Applications of Chat GPT and Gen-AI: Exploring real-world use cases across various industries, including customer service, education, healthcare, and more.

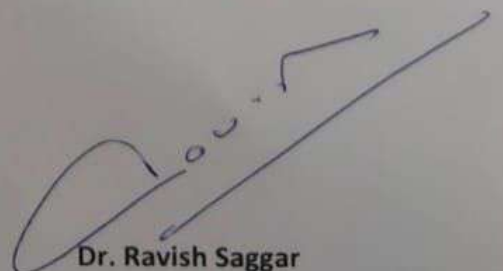

Hands-on Demonstrations: Interactive sessions to experience first hand how Chat GPT and Gen-AI can be used to generate text, answer queries, and engage users in conversation.

We look forward to your participation!

- * **Attendance is mandatory for all.**
- * **Students to carry their own laptops**
- * **College dress code is mandatory**

Ms. Sonia Batra
