2023

About

Located in the midst of the business centres of South Delhi, Banarsidas Chandiwala Institute of Information Technology (BCIIT) was established in 1999. The Institute is affiliated with Guru Gobind Singh Indraprastha University, Delhi for awarding the degree of MCA and BCA, and is approved by the All India Council of Technical Education (AICTE), Ministry of HRD, Government of India.

The Institute is student centric where the faculty members are always alive to the needs of the students and are focussed to develop them to top class software professionals. The Institute is established under the aegis of Sri Banarsidas Chandiwala Sewa Smarak Trust Society, a charitable Society working in the field of health and education since 1952.

Why Sponsors Us?

Sponsorship of our event can provide your company with a range of benefits, including:

- **Increased visibility**: Your brand will be prominently featured in all our promotional materials, including social media, print media, and online platforms.

- **Brand recognition**: Sponsoring our event will allow your company to build brand recognition among students, educators, and industry professionals.

- **Networking opportunities**: Our technical fest provides a unique opportunity to network with industry professionals, academics, and students. You will have the opportunity to meet and build relationships that can last long after the event is over.
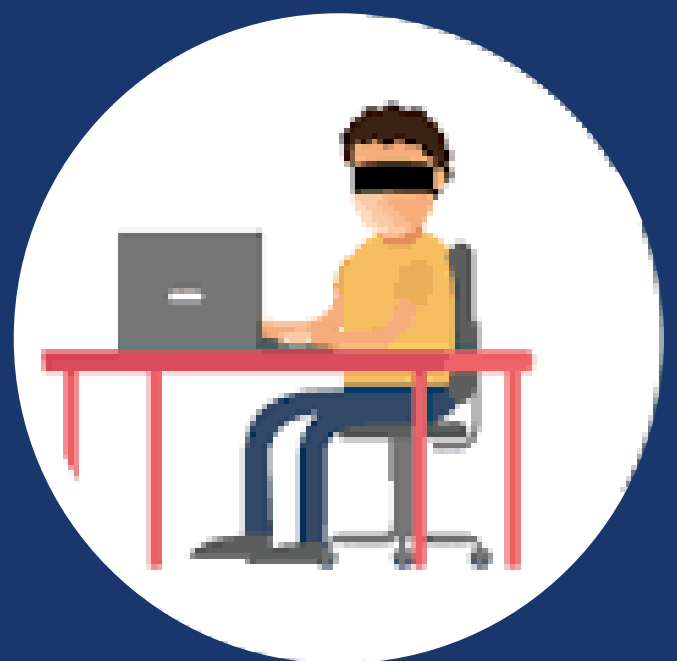

BLIND CODING

We are excited to announce
"Blind Coding" where students will have the
opportunity to showcase your
web development skills.

- In this event, participants will have to make a webpage only by looking at it once.

- It is specifically designed to test your coding and web development abilities, and is an excellent opportunity for students who are passionate about web development.

NFS 2005

"

We are pleased to announce an event featuring the classic racing game
Need for Speed: Most Wanted (2005).

- It is an opportunity for students to showcase their gaming skills and have fun with their friends while competing against each other.

- The event will feature various game modes and challenges, which will be an exciting and engaging experience that will keep everyone entertained throughout the event.

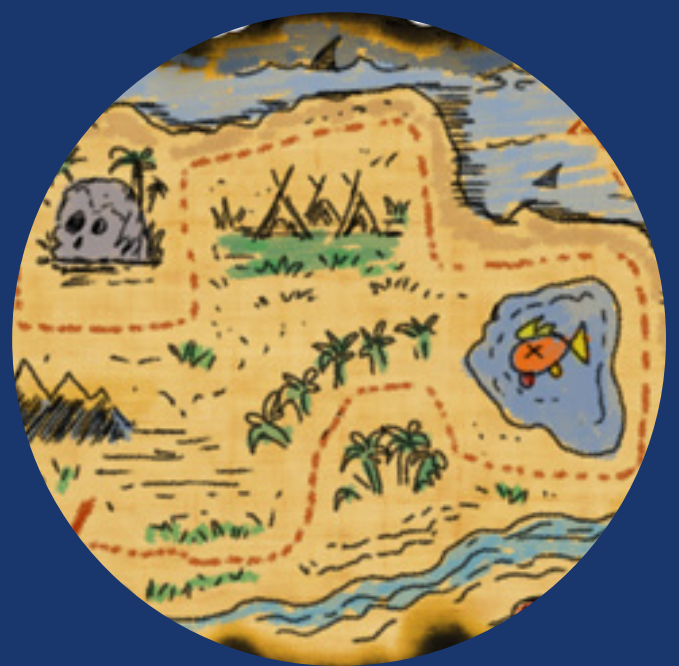

"

TREASURE HUNT

The treasure hunt event
is an opportunity for students to showcase their problem-solving skills and teamwork abilities while having fun with their friends.

- It has been designed with challenging and engaging clues that will test the creativity and intelligence of the students.

- The clues are designed to lead the participants to the final treasure, where they will be rewarded with exciting prizes.
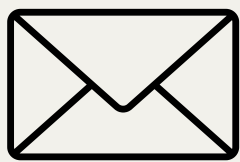

TEKKEN 7

Tekken 7
is a popular fighting game that offers fast-paced and intense gameplay. It is an opportunity for students to showcase their gaming skills and have fun with their friends while competing against each other.

- The event will feature a variety of game modes and challenges, students can expect a thrilling and engaging experience that will keep them entertained throughout the event.

- It is a chance for students to unwind, socialize, and have fun while enjoying their favourite video game.
